Junior Front-End Developer

May 26, 2021

Plarium

Dear Sir,

This letter is to express my interest in the job posted on indeed from your organization for a Junior Front-End Developer position.

Building user friendly, easy to use and responsive websites is truly a passion of mine. Also being a CSE student I also love to code and [solve problems](#) that I think is very important for any sort of development. This is why I think I would be an excellent addition to your organization. I am confident In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements in order to stay ahead of the curve and deliver exceptional work to the organization.

I have a sound knowledge on HTML5, CSS3, JavaScript, ES6, React, Bootstrap, and Material UI. Also I am comfortable with Node.js, Express.js, Mongo DB. Also I have concepts over C, C++, Java, Python and more over love to solve problems. Data Structure & Algorithms and OOP concepts are also known to me. I have completed many responsive and functional [projects](#) by MERN technology and am confident on tools like VSCode, [Github](#), Chrome Developer Tool and many more. Also firebase has been used many times for authentication and hosting.

Love to deal with real life projects and solving the challenges. At present I am working for a client for developing the front-end part of their CDN based website. It would be great to be an impactful voice in the organization and contribute to the team and grow gradually.

I can be reached anytime via my cell phone, +880177955995 or by email at shadreza100@gmail.com. Also we can communicate on [LinkedIn](#) & also you can see my repositories on [Github](#). You can see my [portfolio](#) and share your thoughts.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Your Obediently,

Shad Reza,
